programs

Aircraft Rental

Whether you are a new student pilot, interested in pursuing additional pilot ratings, or want to make your next cross country flight an enjoyable experience, we offer two well maintained and well equipped Cessna 172s at very competitive rates.

Flight Simulator Rental

Our FAA certified Redbird TD2 flight simulator is an ideal platform for enhancing piloting skills, advancing aircraft equipment knowledge, increasing situational awareness, and practicing decision making in response to unexpected flight conditions.

Pilot Training Support, Services for CFIs & Workshops

We provide our student pilot, pilot and flight instructor customers use of our airplanes, flight simulator and facility. We also assist flight instructors with promoting and hosting workshops focused on enhancing piloting skills, pilot safety and aeronautical decision making.

Aircraft Owner Assistance

Airplanes provide the freedom to fly where and when you want. But owning one raises lots of questions and concerns. We can help, so contact us for an appointment to talk.
